## **Ferrari 488 Pista vs. Ford F-150 Raptor**

The Ferrari 488 Pista is one of the most powerful and fastest Ferrari sports cars ever made. It's powered by a 3.9-liter twin-turbocharged V8 engine that produces 710 horsepower and 568 lb-ft of torque. This allows the 488 Pista to accelerate from 0 to 60 mph in just 2.8 seconds and reach a top speed of 211 mph.

On paper, the Ferrari 488 Pista is clearly the superior vehicle. It's more powerful, faster, and has a higher top speed than the Ford F-150 Raptor. However, the F-150 Raptor is a much more practical vehicle. It's larger, more comfortable, and can tow and haul more weight. So, which vehicle is

better? It really depends on what you're looking for. If you want a high-performance sports car, the Ferrari 488 Pista is the obvious choice. But if you need a vehicle that can handle both on-road and off-road driving, the Ford F-150 Raptor is a better option.
